

AgilePlans[®] by KVH

Connectivity as a Service. All-inclusive. No Commitment.

AgilePlans by KVH – Offering Connected

Welcome to a new era in value, service, and simplicity for maritime communications – AgilePlans, an all-inclusive, no commitment service delivering everything your fleet needs for better business at sea, for a single monthly subscription as low as USD\$799.

Easy. Affordable. Everything you Need.

AgilePlans brings you mini-VSAT Broadbandsm hardware and airtime, the most advanced HTS network available, cybersecurity and STCW-related basic training for your crew, operations data updates, news and entertainment for crew welfare, zero maintenance costs, free standard installation, and global technical support – all delivered to your fleet worldwide, with no ownership costs or costly upfront capital investment.

AgilePlans

A single monthly subscription, with no long-

A Rugged, Proven Hardware Solution

The Most Advanced VSAT Terminals

Rely on years of trouble-free service with the exceptional speeds and expanded global coverage of the new dual Ku/C-band 1.1 meter TracPhone[®] V11_{HTS} or the groundbreaking Ku-band 60 cm TracPhone V7_{HTS}, both the newest models of the award-winning hardware that has made mini-VSAT Broadband the No.1 global maritime VSAT service.*

Free Shipping and Standard Installation

Enjoy free shipping to, and standard installation in as many as 4,000 ports and locations around the globe or up to a USD\$2,000 per vessel credit towards installation elsewhere. Visit kvh.com/agileports for more details.

KVH-managed Implementation

Be confident your installation will be done quickly and efficiently through KVH's Service Delivery Group, which coordinates the logistics, installation, and commissioning processes. *Plus*, KVH offers free initial network design consultation upon request.

Global Broadband Connections

Dual Data Channels with the Fastest Network Speeds and Affordable Data Plans

The TracPhone V11_{HTS} and the TracPhone V7_{HTS} each offer KVH's exclusive dual channel configuration with innovative hybrid airtime plans that deliver an unlimited use data channel running at the same time as the high-speed channel offering blazing fast network speeds as fast as 20 Mbps/3 Mbps (V11_{HTS}) and 10 Mbps/3 Mbps (V7_{HTS}) down/up.

Voice Channel with Crystal-clear Service

Pick up the phone and stay in touch, thanks to outstanding prioritized VoIP service wherever your vessels travel.

Multicast Channel Delivering Crew and Operations Content

KVH's AgilePlans Multicast Channel delivers up to 150 GB of crew welfare and operations content every month with no impact on your data speeds or monthly data plan.

Activity as a Service (CaaS) for fleets

Unmatched Agility for Your Fleet

Now you can be as agile as necessary, whether you are selling or acquiring vessels, or you simply want the finest maritime VSAT service and content solution for your current fleet. AgilePlans will be the ideal CaaS solution for your fleet. However, we do know that your situation is always evolving; that's why we offer a suspension plan and you can end your subscription at any time without penalty.

Equip your vessels with the world's leading VSAT connectivity solution with:

- **NO** long-term ownership costs
- **NO** commitment
- **NO** penalties if you need to cancel
- **NO** hassles or headaches

s by KVH.

term contract, delivering **everything** below:

Superior Technical Support & Network Management

Global Technical Support

Optimize your SATCOM availability with the KVH OneCare™ Global Technical Assistance Package, zero maintenance costs for as long as you subscribe, and exclusive KVH IoT Proactive Monitoring, an industry first.

Secure Network Management

Manage your service, maximize uptime, and minimize costs via the secure myKVH™ portal's mini-VSAT Manager, which offers unmatched control over your data and how it is used.

Vessel Tracking Service

Achieve new levels of operational efficiency with mini-VSAT Broadband's Vessel Tracking Service, which delivers real-time visibility into your vessels' locations and routes.

World-class Crew Welfare & Training Content

News, Sports, and Entertainment

Keep your crew connected to events at home and improve crew retention and morale with daily world and national news via NEWSlink™ TV and NEWSlink Print.

Videotel™ Basic Training Package & Cybersecurity Training Program

Boost your crew's productivity while reducing risk, thanks to the Videotel Basic Training Package. Choose from one of three 20-video STCW-related programs: Tankers, Dry Cargo, or Offshore Vessels. Plus, every TracPhone VSAT system now includes Videotel's "Cybersecurity at Sea" training program, part of KVH's cybersecurity solution.

Critical Operations Content

CHARTlink™

Stay on course with KVH's CHARTlink service, which offers free delivery of updates from C-MAP™ and other leading providers for your ECDIS-compliant navigation data.

FORECASTlink™

Improve operational efficiency, optimize voyages, and ensure safety with high-resolution, global-scale weather updates from StormGeo BVS™ transmitted up to four times a day.

What does AgilePlans include?

Satellite Communications Antenna Systems

TracPhone V11 HTS

Ku/C-band mini-VSAT Broadband HTS service

DATA SPEEDS*

Shore-to-Ship: 20 Mbps

Ship-to-Shore: 3 Mbps
