

Connectivity as a Service. All-inclusive. No Commitment.

With new worldwide coverage, faster speeds, and an ultra-compact terminal with a new hardware option, AgilePlans Regional is an even better solution for fleets with smaller vessels, smaller data needs, or that typically work in regional waters.

All AgilePlans Regional Plans Include:

- **Hardware & more:** A choice of the new TracPhone® V30 system with single cable and DC power, or the TracPhone V3HTS hardware with advanced network management tools. Both include free shipping and installation, zero maintenance costs, cybersecurity training, and KVH OneCare.™
- **Airtime at a fixed monthly price:** When your monthly high-speed data is consumed, the TracPhone terminal automatically shifts to the shaped plan with unlimited usage and no overage charges.
