

Worldwide PAY PER GB Maritime Cellular IoT WiFi

Providing on demand cellular maritime IoT WiFi

Yachts and commercial vessel WiFi data usage can be hard to predict. One month may require greater bandwidth than expected, the next very little. With that in mind many airtime providers don't have the agility to react to the changing bandwidth needs of yachts and commercial vessels. At CA Clase, we work very closely with our yachting and commercial maritime clients to ensure they receive high quality and dependable connectivity solutions wherever and whenever they cruise. Introducing our easy to manage PAY PER GB SIM.

Flexible and simple only Pay Per GB used

Regional Low Latency

Unsteered Multi Network SIM

Dual Core Network

Unthrottled Enterprise Data

Unbeatable 4G Coverage

5G Coverage Available

Simple Annual SIM Activation Fee

Please Note: Data rates may vary in different regions and under different conditions.
All pricing excludes VAT and is subject to change without notice - Price list effective from 1st December 2022
